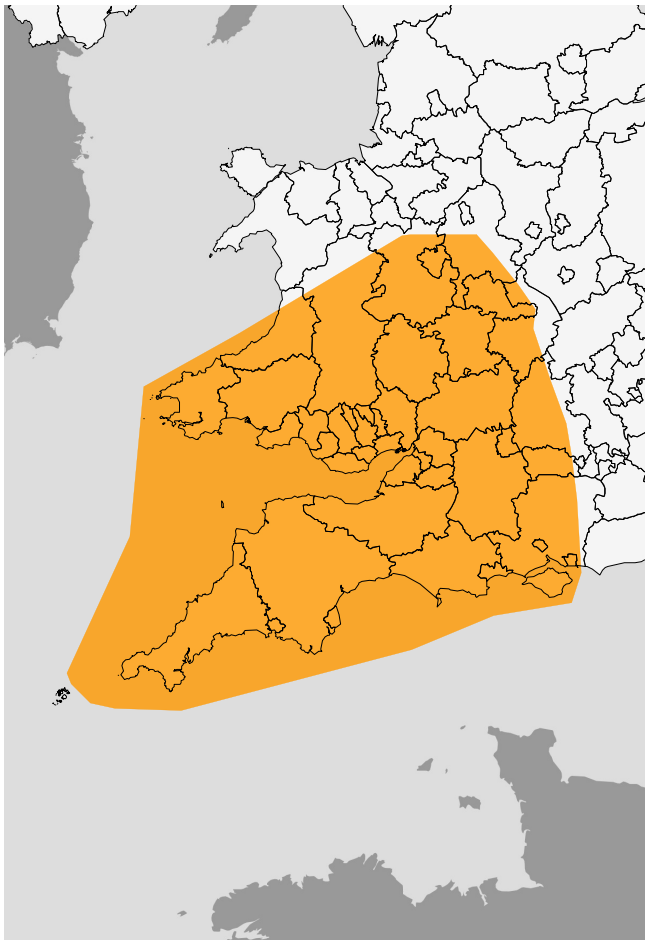
Amber warning
Extreme Heat

Between
16:05 Mon 19 Jul 2021 and
23:59 Thu 22 Jul 2021



High temperatures both by day and night will continue this week leading to public health impacts

What to expect

- Adverse health effects are likely to be experienced by those vulnerable to extreme heat
- The wider population are likely to experience some adverse health effects including sunburn or heat exhaustion (dehydration, nausea, fatigue) and other heat related illnesses
- More people are likely to visit coastal areas, lakes and rivers leading to an increased risk of water safety incidents
- Some changes in working practices and daily routines likely to be required
- An increased chance that some heat-sensitive systems and equipment may fail, leading to power cuts and the loss of other services to some homes and businesses
- Some delays to road, rail and air travel are possible, with potential for welfare issues for those who experience prolonged delays
